To Whom It May Concern,

I am pleased to recommend Mamadou Ba for future academic, professional, and leadership opportunities based on their outstanding service as a mentor in the Emerging Tech Impact Cohort.

As a college-level mentor, Mamadou played a vital role in supporting and guiding high school participants throughout the program. He demonstrated professionalism, leadership, patience, and a strong commitment to helping students grow both personally and academically.

Throughout the cohort, Mamadou consistently created a supportive and encouraging environment for students. He effectively communicated complex ideas in approachable ways, facilitated collaboration, and served as a positive role model for younger participants exploring emerging technologies and innovation.

In addition to mentoring responsibilities, he showed initiative, reliability, and strong interpersonal skills. His ability to balance leadership with empathy made a meaningful impact on the student's experience and contributed significantly to the success of the program.

Mamadou exemplifies the qualities of an effective leader and mentor: accountability, adaptability, collaboration, and a genuine desire to uplift others. I am confident he will continue to succeed in future academic, professional, and community-focused roles.

I strongly recommend Mamadou Ba without reservation. Please feel free to contact me if additional information is needed.

Sincerely,
